Our Lockdown Journey...

➤ Rossari Steps Into Action

- With Flexible Manufacturing Capabilities
- Our Agile Team Came Very Handy
- We Accelerated Production Of Hygiene Products Within Shortest Span

➤ Achievements

- We Supplied Sanitizers, Hand Wash & Masks In Dharavi Slums, NGOs & Old Age Homes
- Our Hygiene Team Worked Tirelessly To Meet Surge In Demand Across India From Hospitals & Various Governmental Agencies
- Factory Worked With Handful Of People & Rossari Took Care Of Them

#We Were Locked But Not Down...

Our Participation During This Pandemic...

Dharavi (Mumbai) Has Been Listed As The Hotspot In The War Against Corona.

Rossari Could Support **Nisarg Foundation** Who Is Doing Awesome Work, In Time To Supply Sanitisers And Disinfectants To Help Control The Spread In Dharavi.

Practically In All The Government Hospitals In Mumbai Like **Sion, KEM, Kasturba, Nair & Wadia** And Many Other Hospitals Across The Country - We Have **Supplied Sanitisers** To The Medical Fraternity In The Frontline To Help Them Fight The War.

Our Participation During This Pandemic...

BATTLING THE TOUGH TIMES, TOGETHER.

 40 ORPHANAGES

 CHILDCARE FACILITIES

 OBSERVATION HOMES

 OLD AGE HOMES

 HOSPITALS

In Rossari's Mission Of Serving The People, We Have Embarked On A Journey To Reach Out To The **Children At 40 Orphanages**, Childcare Facilities And Observation Homes In Mumbai.

This Was Achieved In Association With Our Partners, By **Supplying Our Sanitiser And Handwash.**

All Of Their Efforts Have Made It Possible For Us To **Reach The Underprivileged** And Help Us Fight This Battle Against Coronavirus.

Our Participation During This Pandemic...

At Mumbai Airport...

The Disease Has Its Spread To Every Corner Of The World. To Fight Against Covid-19 And To Keep Everyone Away From It, **Buzil Rossari's** Hand Disinfectant Was Available At Chhatrapati Shivaji International Airport.

Municipal Schools, Kalyan...

Extending Our Support Further Towards Securing The Citizens Of India, We Have **Distributed Floor Cleaners And Sanitisers** To Giants Group Of Kalyan Metro So That They Can Donate Them In The **Municipal Schools** In Kalyan.

Carpe Diem !!

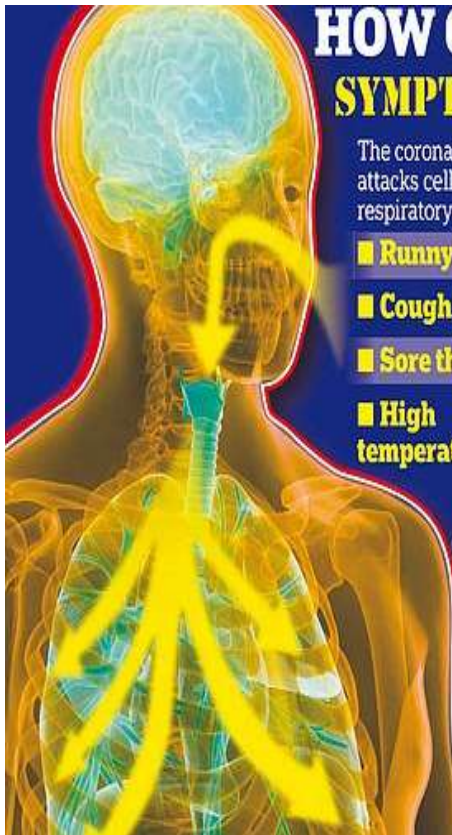

“Future Starts Today, Let’s Plough the Best & Not Wait for Tomorrow.”

Unlocking The Lockdown...

Need For Cleaning

HOW CORONAVIRUS CAN KILL

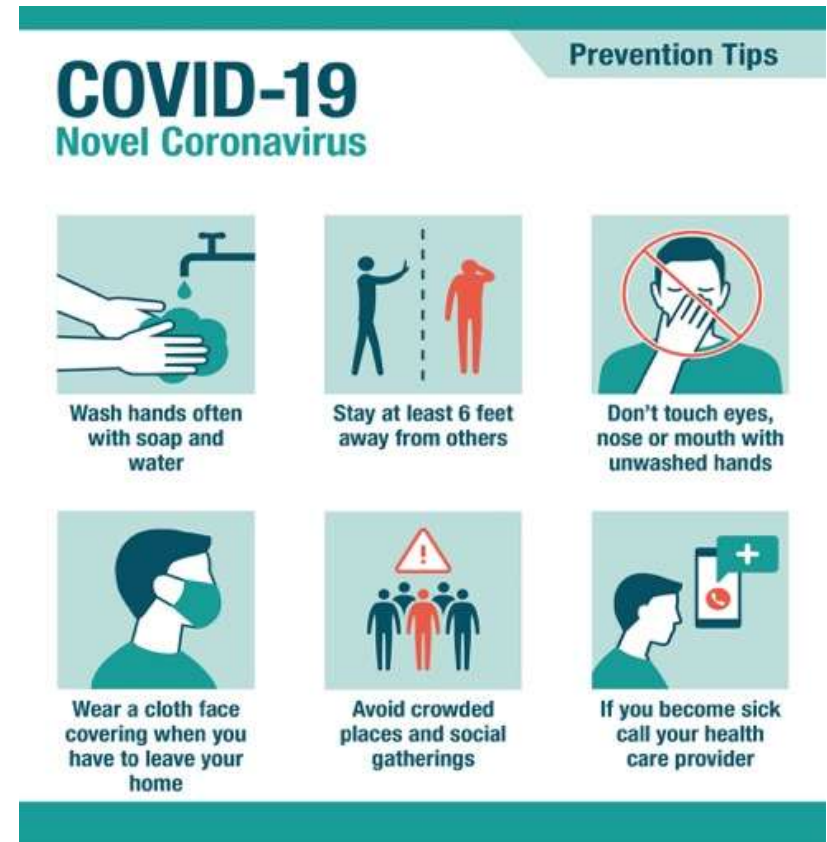

SYMPTOMS	SPREAD	DEATH
<p>The coronavirus attacks cells in the respiratory system</p> <ul style="list-style-type: none">■ Runny nose■ Cough■ Sore throat■ High temperature	<ul style="list-style-type: none">■ Novel coronavirus first spread to humans from an animal - thought to be a snake - at the South China Seafood Wholesale Market.■ The virus is transmitted between humans in droplets from coughing and sneezing and touching or shaking hands.■ It enters humans through the nose and mouth, then finds a 'host cell' in the respiratory system, such as one in the nose. The host cell then bursts and other nearby cells in the body are infected with the virus.	<ul style="list-style-type: none">■ Most victims die from complications including pneumonia and from swelling in the lungs.■ Severe pneumonia can kill people by causing them to 'drown' in the fluid flooding their lungs.■ The virus also causes swelling in the respiratory system, which can make it hard for the lungs to pass oxygen into the bloodstream - leading to organ failure and death.

Importance Of Prevention & Corrective Measures

COVID-19 Novel Coronavirus

Prevention Tips

 <p>Wash hands often with soap and water</p>	 <p>Stay at least 6 feet away from others</p>	 <p>Don't touch eyes, nose or mouth with unwashed hands</p>
 <p>Wear a cloth face covering when you have to leave your home</p>	 <p>Avoid crowded places and social gatherings</p>	 <p>If you become sick call your health care provider</p>

Unlocking The Lockdown...

Rossari Is Ahead Of Time

➤ Our Solutions -

- Deep Cleaning
- Goods/Merchandise In WIP
- Going Forward - Preventive Cleaning

Premises - High Touch Surface

Most Vulnerable For Microbe Attack

Premises - Disinfection

Application Areas

..... And Many more

Premises - Disinfection - Infektocide BR 502

Key Features

- Deep Cleaning And Disinfection In One Step
- Acts Quickly Even With High Bacterial Load
- Low Dosage Required
- Broad Spectrum Of Activity
- FDA Approved
- For Disinfection Of Critical Areas

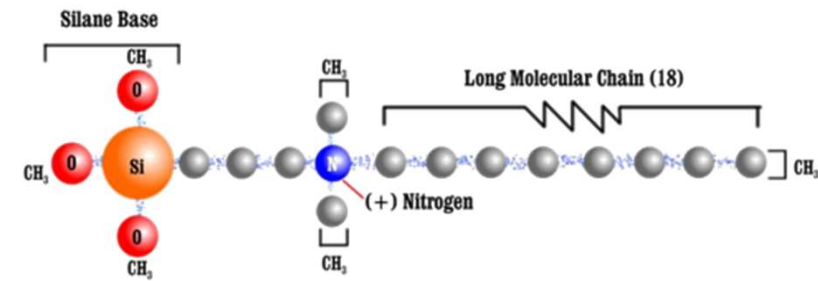

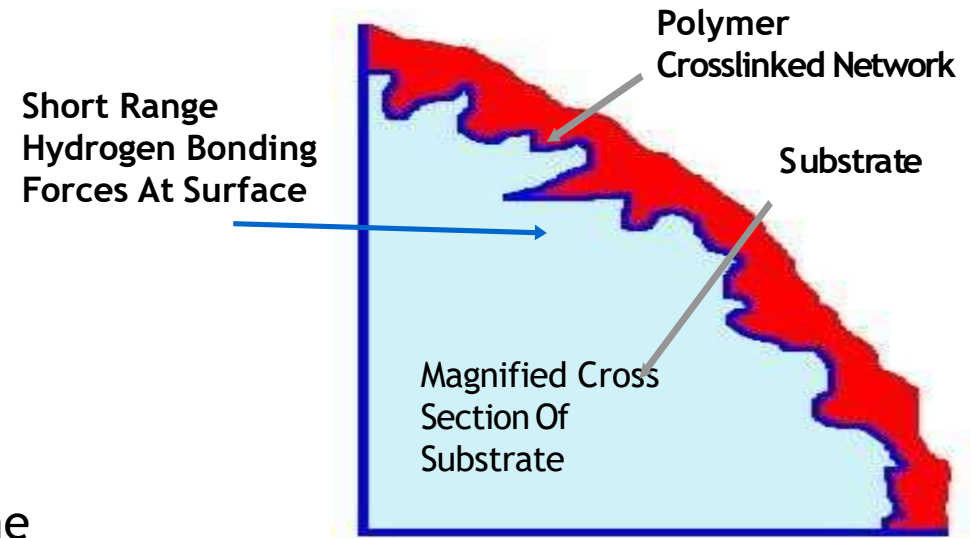

Other Benefits

- ✓ Ideal For Use In Hygiene Areas
- ✓ Can Be Used For Most Touched Surfaces In Manufacturing Plants, Offices
- ✓ For All Wet Areas, Sanitary Facilities
- ✓ For All Water Resistant Materials, Surface And Floors
- ✓ Also Used As Fumigation In Closed Area

Premises - Disinfection - Ross Sterile

Technology

- ✓ Organo Silane Based Product
- ✓ Non Leaching Technology
- ✓ Will Not Cause Microbial Adaptation
- ✓ Treated Surfaces Become Inhibitory For The Development Of Microbial Reservoirs
- ✓ The Destruction Of The Organisms, Airborne Or Otherwise, On Contact With Treated Surfaces Reduces The Risk Of Cross Contamination And The Spread Of Pathogens

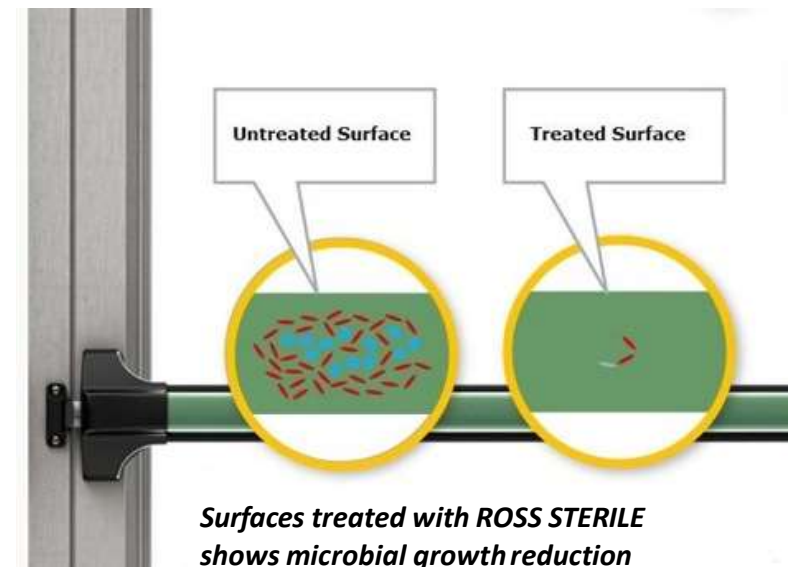

Organo Silane

Premises - Disinfection - Ross Sterile

Application

- Clean The Solid Surfaces
- Spray The Solution On Surfaces Using A Pressurized Sprayer / Fogging Machine Or Any Suitable Tool
- Allow The Treated Surface To Dry At Room Temperature Overnight.

Note : - Use facemask, goggles before spraying the product

Premises - Disinfection - Rosa DC

Key Features

- ✓ For Disinfection Of Surfaces, Floors And Materials In Medical Practices And Hospitals.
- ✓ Especially Suitable For Disinfection In Areas Handling Food Processing Plants As Well As In Professional Kitchens, Nursing Homes, Fitness And Wellness Studios.

Benefits

- ✓ FDA Approved.
- ✓ Fungicidal, Bactericidal And To A Limited Degree, Virucidal Effect.

Premises - Disinfection - Ross GC - Glass Cleaner

Key Features

- ✓ Good Cleaning Performance, Especially On Greasy Deposits
- ✓ **Unique Antifogging And Rain Water Sheeting Property**
- ✓ Suitable For Maintenance Cleaning Of Surfaces Such As Mirrors, Glass, Windows, Window And Door Frames, Plastic And Car Windows
- ✓ Pleasant, Fresh Room Care Fragrance
- ✓ Unique Product For Hotel And Domestic Use
- ✓ Gentle To Skin Due Its Near Neutral pH
- ✓ Streak-free Shine
- ✓ Anti-soiling Effect

Personnel Hygiene - ROSS AQUA Hand Wash Series

Ross Aqua E-AM

Key Features

- ✓ Mild General Hand Wash With Antimicrobial Properties
- ✓ Unique Product For HORECA Segment
- ✓ Excellent Cleaning Performance
- ✓ For Hygienic Disinfection For Hands
- ✓ Non Irritant

Ross Aqua AB

Antimicrobial Properties

Key Features

- ✓ Fragrance Free Handwash With Antimicrobial Properties
- ✓ For Hygienic Disinfection Of Hands
- ✓ Suitable For Frequent Hand Washing
- ✓ FDA Approved

Personnel Hygiene - Ross SANPRO - Hand Sanitizer Liquid

Key Features

- 70% Ethanol Based Hand Disinfection Liquid
- Emollients And Moisturizers Additives For Hand Care
- Rapid Action Against Bacteria And Viruses

Other Benefits

- ✓ FDA Approved
- ✓ Kills 99.9% Microbes
- ✓ Works Best Against Any Epidemics, Bacteria, Enveloping Or Non-enveloping Viruses
- ✓ Skin Friendly, As It Got Emollients And Moisturizes Hands On Each Us

Personnel Hygiene - Coroclean - Hand Sanitizer Gel

Key Features

- 70% Ethanol Based Hand Disinfection Gel
- Ready To Use
- Quick - Acting
- No Dripping From Hands, Thus Safe And Hygienic Application
- Non Irritant

Other Benefits

- ✓ FDA Approved
- ✓ Effective Against Broad Spectrum Of Microorganisms
- ✓ Can Be Used In Many Industries
- ✓ Leaving No Residue
- ✓ Easy And Fast Application

Perishable's Disinfectant For Canteen - Ross TAB BR 504

Field Of Application

- Vegetables & Fruits Sanitization
- Trash Cans, Sinks, Toilets, Bath Tubs, Faucets, Shower Heads,
- Floor Drains, Ventilators

Product Advantages/ Properties

- Versatile Product, Can Be Used In Many Industries
- Easy And Fast Application In Places With A High Hygiene Risk.
- Can Be Used For Interim Disinfection.
- Wide Spectrum Of Activity
- Effective Against A Broad Spectrum Of Microorganisms Contributing Optimum Hygiene.

Freshness Finish : Fabshield ANV Liquid

Microbial Problem Associated With Packing

Terry Towel Packed At Manufacturers End

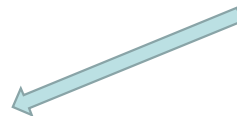

Shipment to customers

Foul Smell Immediately After Carton Is Opened Due To Microbial Growth During Transit

Opening Of Carton After 6-8 Months

Freshness Finish : Fabshield ANV Liquid

Key Features

- **Odour Prevention & Microbe Resistant Properties**
- Doesn't Cause Any Tendering Or Yellowing Of Fabric
- No Loss In Hand Or Feel Of Fabric
- Can Be Taken In Final Finishing Bath Along With Softener

Application Areas

- ✓ All Goods/Merchandise In WIP
- ✓ All Export Goods
